

COMMUNITY SCULPTURE SPONSORSHIP

We're thrilled to announce that the first stage of our magnificent art sculpture walk is in full swing, with around 10 stunning spots already selected!

What exactly is an art walk, you ask?

It's a delightful path adorned with various sculptures and murals that will leave you inspired and in awe. And that's not all! We're adding an interactive app and a fun-filled coloring page public art treasure map for the little ones to enjoy!

After one year, these captivating art pieces will either find their forever homes with art enthusiasts or head back to their talented creators. Then, we'll welcome a brand new set of sculptures to keep the magic alive! The path will take you around our stunning Fountain Lake & Downtown Albert Lea, making your stroll even more enjoyable and scenic.

By supporting this public art program, you're not just backing creativity - you're contributing to the beautification and growth of our incredible community!
